

## RefectoCil Silicone Pads

### Description

#### RefectoCil Silicone Pads, 10-pack

The Silicone Pads prevent unwanted staining of the skin. They are self-adhesive – no cream is needed.

The soft, impermeable high-tech silicone is anti-slip, skin-friendly and matches any eye shape. Easy to clean and reusable up to 100 times.

#### Perfect results in only a few steps

- Apply RefectoCil Silicone Pads with the glossy side onto the skin, directly below the eyelid and press them gently on the skin.
- Apply RefectoCil eyelash tint.
- After the application time, remove the eyelash tint directly from the Silicone Pads with a wet cotton pad.

#### Cleansing

Cleaning the pads with soap and water is sufficient because bacteria can't set on the surface.
