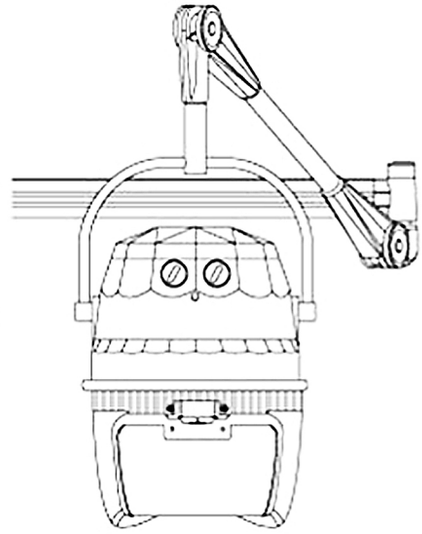
DL.WH132 (Wall Type)



PRODUCT SPECIFICATION:

- ☐ **DL.H131** AC220-240V 50-60Hz 800W
- ☐ **DL.H131** AC110-120V 50-60Hz 800W
- ☐ **DL.WH131** AC220-240V 50-60Hz 800W
- ☐ **DL.WH131** AC110-120V 50-60Hz 800W
- ☐ **DL.H132** AC220-240V 50-60Hz 800W
- ☐ **DL.H132** AC110-120V 50-60Hz 800W
- ☐ **DL.WH132** AC220-240V 50-60Hz 800W
- ☐ **DL.WH132** AC110-120V 50-60Hz 800W

FUNCTION:

This machine can both heat up in a close mode and blow wind. It is suitable for hair drying, molding, finalizing the design, coloring protection, steam oil, semi color, nourishing,dyeing and so on.

USE METHOD:

1. Please check and make sure that your actual voltage must correspond to the voltage marked on this appliance.
2. Plug in the power plug, set the temperature at will between 20℃ to 70℃.
3. Turn around the timer as per the arrowhead direction. It can be set from 0 to 60 minutes at will. When the programmed time is up, the machine will sound and disconnect the power.
